SUMPORATION PATE - Faster than Ether VAPOR DEMSITY - Heavier than Air HBLTIMG POINT -M.A.

Section IV — FIRE AND EXPLOSION HAZARD DATA

LEL

0.9

730

FLYONBILITY CLASSIFICATION Extramaly Flawnable, Flash below 21 of FLASH POINT →0 op pycc

ELLINGALINI MEDIN

Carbon Dioxide, Dry Chemical, Found CONSUAL FIRE AND EXPLOSION HAZARDS

Isolate from heat, electrical equipment, sparks, and open flame. Closed containers may explode when exposed to extreme heat. Application to hot surfaces raquires special precautions. During emergency conditions oversupostre to decomposition products may cause a health hazard. Symptoms may not be immediately apparent. Obtain medical attention.

SPECIAL FIRE FIGHTIND PROCECURES

Full protective equipment including self-contained breathing apparatus should be used. Water apray may be ineffective. If water is used, fog nossies are preferable. Water may used to cool closed containers to prevent pressure build-up and possible autoignition or explosion when exposed to extreme heat. 8

Section V --- HEALTH HAZARD DATA

ROUTES OF EXPOSURE Exposure may be by To minimize exposure. equipment. INMALATION and/or SKIN or EYE contact, depending on for proper use, ventilation, and personal

ACUTE Health Hazards

EFFECTS OF OVEREXPOSURE

Irritation of eyas, skin and respiratory system. May cause nerous system depression. Extreme overexposure may result in unconsciousness and possibly death. Sides AND SIMPTOMS OF OURREXPOSURE

Readache, distiness, nauses, and loss of coordination are indications of excessive exposure to vapors of spray mists.

Redness and itching or burning sensation may indicate eye or excessive skin exposure.
REDICAL CONDITIONS ACGRAVATED BY EXPOSURE

Hone generally recognized.

EXEMSENTY AND FIRST AID PROCEDURES

If INHALED: If affected, remove from exposure. Restore breathing.

If on SKIN: Wash affected area thoroughly with sonp and water.

Remove contaminated clothing and launder before re-use.

If in EYES: Flush eyes with large amounts of water for 15 minutes. Reep warm and quiet.

CHRONIC Hoash Hazards Get medical attention. Get medical attention.

No ingredient in these products is un IRC, MTP or OSHA listed carcinogen, prolonged oversposure to solvent ingredients in Section II may cause adverse effects to the liver. urinary, blood-forming, cardiovascular, and reproductive systems. Hethyl Ethyl Ketone may increase the narvous system effects of other solvents. Rate exposed to titanium dioxide dunt at 150 mg./mJ developed lung cancer, however, such exposure levels are not attained in the workplace.

Reports have associated repeated and prolonged oversuposure to solvents with permanent brain

and nervous system damage.

Section VI — REACTIVITY DATA

LICOMPATIBILITY

Hone known.

By fire: Carbon Dioxide, Carbon Monoxide, HALARDOUS POLINERIZATION - Will Not Occur HAZARDOUS DECOMPOSITION PRODUCTS Oxides of Metals in Section II

Section VII — SPILL OR LEAK PROCEDURES

HASTE DISPOSAL HETHOD STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED
Repove all sources of ignition. Ventilate and repove with inert absorbent

Waste from this product may be hatardous as defined under the Resource Conservation and Recovery Act (RCRA) 40 CPR 361. Maste must be tested for ignitability to determine the applicable EPA barardous waste numbers. Haste from products containing Hethyl Ethyl Katone or may require testing for extractability.

No not incinerate. Depressurize container. Dispose of in accordance with Federal, State, and Local regulations regarding pollution.

Section VIII - PROTECTION INFORMATION

PRECAUTIONS TO BE TAKEN IN USB

Use only with adequate ventilation. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Hash hands after using.
This costing may contain materials classified as nuisance particulates (listed "as Dust" in Section II, which may be present at heastfous levels only during sanding or abreding of the dried film. If no specific dusts are listed in Section II, the applicable limits for nuisance dusts are ACGH TLV 10 mg./m3 (total dust). OSHA PEU 15 mg./m3 (total dust). 5 mg./m3 respirable fraction).

Local exhaust preferable. General exhaust acceptable if the exposure to materials in Section II is maintained below applicable exposure limits. Refer to OSHA Standards 1910.94. 1910.107, 1910.108.
RESPIRATORY PROTECTION

a properly filted organic vmpor/particulate respirator approved by NIOSH/ASHA for protection against materials in Section II.

None sanding or abrading the dried film, wear a dust/mist respirator approved by NIOSH/MSHA for dust which may be generated from this product, underlying paint, or the abresive. If personal exposure cannot be controlled below applicable limits by ventilation, wear

PROTECTIVE GLOVES Hone required for normal application of aerosol products where minimal skin expected. Por long or repeated contact, Mear chemical resistant gloves.

EYE PROTECTION Wear safety spectacles with unperforated sideshields.

Section IX -- PRECAUTIONS

DOL STORAGE CATEGORY - 1A
PRECAUTIONS TO BE TAKEY IN HANDLING AND STORING
Keep away from heat, sparks, and open flame. Vapors will accumulate readily and

explosively.

may ignite

During use and until all vapors ere gone Keep area ventilated - Do not smoke - Extinguish all (Immes, pilot lights, and heaters - Turn off stoves, electric tools and appliances, and any other sources of ignition.

General Repk Code, Use approved Bonding and Grounding procedures.

Contents under pressure. Do not puncture, incinerate, or expose to temperature above 120%, Heat from sunlight, radiators, stoves, hot water, and other heat sources could cause contenter to burst. Do not take internally. Keep out of the reach of children. OTHER PRECAUTIONS

Intentional misuse by deliberately concentrating and inhaling the contents can be harmful

The above information partains to this product as currently formulated, and is based on the information available at this time. Addition of reducers or other additives to this product may substantially alter the composition and hazards of the product. Since condition of use are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information.
